Handwashing Ludo

Age

3-5
Supervised Play

6-8
Guided Play

8+
Independent Play

Game Objective

Be the first to leave home and reach school with hands free from illness-causing germs and claim the H for Handwashing trophy!

Set up

- 1 Place the Handwashing Ludo Board in the center.
- 2 Each player must select a pawn and place it on START on the Handwashing Ludo Board.

Here's what you'll need

How to Play

- 1 Each player takes turns to roll the dice. (Youngest player rolls 1st – then players take turns clockwise)
- 2 The players get an extra turn if they roll the dice and get a six.
- 3 Each player moves their pawn forward based on the number shown on the dice.

- 4 If a player lands on a germ catching activity, it can cause them to fall ill and make them miss school. To avoid that, they must mimic the 7 handwashing with soap steps accurately using the handwashing with soap steps chart to clean their hands and continue the journey to school.

- If the player forgets to mimic even 1 handwashing with soap step, the other players can send them back home, to start the journey all over again.

- 5 The last player to reach school leads the Handwashing with Soap Champion Pledge along with other players.

- 5 After the pledge, the first person who won (reached school first) gets the H for Handwashing champion reward.

Reward!
